DETAILED ACTION

Status of Claims

Claims 16-20 were previously withdrawn. Claims 1-25 were previously rejected and claims 1, 3, 10, 13, 16, 17, 20-22, and 24 are newly amended. Claim 2 has been cancelled. Claim 26 is newly added. Claims 1 and 3-26 are currently pending.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with applicant's representative on 4/24/2006.

The application has been amended as follows:

26. (Cancelled).

Election/Restrictions

Claims 1, 3-15, and 21-25 are allowable. The restriction requirement among inventions I-III, as set forth in the Office action mailed on 07/27/2005, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an**

allowable claim. Claims 16-20, directed to a combination of an optical display and optical film and previously withdrawn from consideration as a result of a restriction requirement, require all the limitations of an allowable claim, directed to the optical film subcombination, and are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement as set forth in the Office action mailed on 07/27/2005 is hereby withdrawn. In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claims including all the limitations of an allowable product claim or rejoined process claim are presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Response to Arguments

Applicant's arguments, see pp. 10-12, filed 02/16/2006, with respect to claims 1, 3-15, and 21-25 have been fully considered and are persuasive. The rejection of claims 1, 3-15, and 21-25 and the objection to the drawings have been withdrawn.

Allowable Subject Matter

Claims 1 and 3-25 are allowed.

Art Unit: 2872

The following is a statement of reasons for the indication of allowable subject matter:

With respect to claims 1, 10, 13, 16, 17, 20 and 24, though the prior art discloses a film comprising a first surface defined by a first surface structure function modulated by a second surface structure function such that the first surface acts to diffuse light incident on the film, wherein the first surface structure function has a function of a microlens structure, and the second surface structure function has characteristics to provide the diffuse light, the prior art of record fails to teach or suggest the aforementioned combination further comprising the first surface has a correlation function value of less than about 37 percent in a correlation length of about 1 cm or less where the correlation function has been construed to be a term of art that is determined in concordance with the process alluded to in paragraphs 34-36 of the specification.

With respect to claims 3-9, 11, 12, 14, 15, 18, 19, 21-23, and 25, these claims depend on claims 1, 10, 13, 16, 17, 20 or 24 and are allowable at least for the reasons stated supra.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
